26 March 1969

MEMORANDUM FOR: Chief, Production Services Group, NPIC
SUBJECT: Sepatron Processor
REFERENCE: Memorandum PSG-043/69 dated 4 March 1969

25X1 1. As recommended in the referenced memorandum, the Sepatron
25X1 Processor will not be installed in [] for test and evaluation.
[] Westover AFB, has been contacted regarding
installation and testing at that facility. He was uncertain as to the
availability of space and manpower but will furnish us a decision around
the first of April.

25X1 2. Both [] will be in California
at the time of pre-acceptance tests (week of 7 April 1969) and they
have expressed their desire to see the instrument in operation, as a
consequence a decision may not be forthcoming until that time.
